

Sensory Guide List

The sensory guide is a numerical representation of sensory information such as light, sound, and smell so visitors with sensory sensitivities can feel at ease during their stay at LEGOLAND® Japan. The numbers in the guide display 11 levels from 0 to 10. The higher the number, the higher the sensory level. Please feel free to ask the staff at each attraction or facility about the characteristics of the rides, etc.

FACTORY Area	TOUCH	TASTE	SOUND	SIGHT	SMELL
1 LEGO® Factory Tour	3	0	5	5	1
